PROFESSIONAL SUMMARY

Technical Web Developer

React | Performance Optimization | Agile Development

Results-driven developer with 3+ years building high-performance web applications. Specializes in React architecture, state management, and API optimization. Passionate about clean code and measurable impact.

SKILLS

- React 16+
- Agile/Scrum
- Express.js
- TDD
- REST APIs
- CI/CD
- Data Structures
- Performance Tuning
- Git/GitHub
- Redux
- Webpack
- AngularJS
- Babel
- JavaScript ES6+
- VS Code

WORK HISTORY

WEB DEVELOPER | 08/2021 to 08/2023

Cognizant - Hyderabad, India

- Built dynamic UI components and full pages using **React, Redux, and REST APIs** for enterprise-level applications.
- Created key features like **dashboards, search filters, and multi-step forms** from scratch.
- Worked closely with **cross-functional teams**—designers, QA, and back-end developers—to deliver seamless product features.
- Developed reusable **custom hooks** and shared components to streamline development and reduce redundancy.
- Improved performance with **code splitting, lazy loading, and memoization**, reducing bundle size by **57%**.
- Integrated **Axios interceptors** for consistent API handling and session management.
- Wrote unit and integration tests using **Jest** and **React Testing Library**.
- Contributed actively in an **Agile/Scrum** setup through sprint planning, code reviews, and feature releases.

FRONT END DEVELOPER INTERN | 07/2020 to 08/2021

Blue Learn - Hyderabad, India

- Contributed to a **healthcare portal** project by building small but impactful front-end features using **React** and **JavaScript**.
- Implemented a **search functionality** to filter doctors by specialization, location, and availability.
- Built reusable UI components like **profile cards**, **appointment forms**, and loading spinners for better UX.
- Assisted in integrating **REST APIs** to display doctor information dynamically.
- Collaborated with designers and senior developers to ensure responsive and accessible layouts.
- Participated in daily stand-ups and learned Agile development practices in a real-world team setup.

EDUCATION

Indiana Wesleyan University - Marion, IN | Master of Science

Information Technology, Expected in 05/2025

Osmania University - Hyderabad, India | Bachelor of Science

Computer Science, 06/2017
