# SAI KRISHNA GONGIREDDY

gongireddysr@gmail.com | 317-492-3605 | Indianapolis, IN|linkedin.com/in/saikrishnagr1

## **PROFESSIONAL SUMMARY**

Innovative and results-driven **Web Developer** with over **three years of experience** designing and developing **responsive**, **high-performance web applications**. Adept at leveraging **cutting-edge front-end technologies** to build user-centric solutions that optimize usability and functionality. Strong collaborative skills with experience working in **Agile environments** to deliver scalable and maintainable applications.

- Proficient in: JavaScript, HTML, CSS, React.js, AngularJS, Node.js, GitHub, REST APIs
- **Expertise in:** Front-end architecture, UI/UX design principles, cross-browser compatibility, performance optimization
- Strong foundation in: Agile methodologies, version control, and collaborative development
- Passionate about creating intuitive, seamless, and engaging digital experiences

## **TECHNICAL SKILLS**

- Front-End: JavaScript (ES6+), HTML5, CSS3, React.js, AngularJS, Redux, Bootstrap, Tailwind CSS
- Back-End: Node.js, Express.js, REST APIs
- Development Tools: Git, GitHub, Webpack, Babel, VS Code
- Methodologies: Agile, Scrum, Test-Driven Development (TDD)
- Soft Skills: Problem-solving, teamwork, communication, adaptability

# **PROFESSIONAL EXPERIENCE**

# Web Developer | Cognizant

Hyderabad, Telangana | 08/2021 - 08/2023

- Developed and maintained scalable, reusable front-end components, reducing development time by 30% and enhancing code maintainability.
- Led the implementation of a modernized front-end architecture, achieving a 25% improvement in page load speed and overall performance.
- Collaborated with backend engineers to define and integrate RESTful API specifications, ensuring smooth communication between frontend and backend systems.

- Conducted **code reviews, performance optimizations, and bug fixes**, ensuring clean, maintainable, and high-quality code.
- Played a **pivotal role** in developing a doctor search insurance product, providing innovative solutions to enhance user experience and functionality.

# Front-End Developer Intern | Bluelearn

Hyderabad, India | 07/2020 - 08/2021

- Contributed to building and enhancing **dynamic**, **user-friendly web interfaces** using **React.js**, improving the platform's engagement and usability.
- Partnered with **UI/UX designers** to translate wireframes and mockups into functional interfaces, ensuring visually appealing and intuitive designs.
- Assisted in troubleshooting and resolving **performance bottlenecks**, optimizing page load times and responsiveness.

#### **PROJECTS**

- **E-Commerce Web App:** Developed a scalable e-commerce platform using **React, Redux, and Node.js**, improving page load speed by **40%** through performance optimization.
- **Portfolio Website:** Designed a **personal portfolio** showcasing projects, leveraging **modern UI/UX design principles** and **best SEO practices**.
- Task Management App: Built a collaborative task management application integrating React, Firebase, and real-time database sync, enhancing productivity and workflow efficiency.

## **EDUCATION**

**Indiana Wesleyan University** 

Marion, IN | Expected in 05/2025

Master of Science: Information Technology

**Osmania University** 

Hyderabad, India | 12/2021

**Bachelor of Science:** Computer Science.
